

# Enhancing Innovation in Human Capital

COMPANY PROFILE

## Introduction

In today's challenging business environment, it is imperative that entities make use of engines that are capable and committed to creating and enhancing innovation in the human capital resource. Recognising this, **Milla SA** has taken the opportunity to be that tool. We are a conference management organization aimed at providing our clients with top notch and relevant conferences, geared to bring about a wave of successfully implemented change, and enhance the strive to excellence within the organization. Milla SA has entered the market place to provide resources that enable businesses to differentiate and clearly position themselves to stand apart from the crowd.

## Services

Your think tank to innovation! At **Milla SA** we are committed to creating the innovative human capital engine that drives your organisation to global competitiveness. We provide our clients with well managed, up-to-date conferences that are geared to inform, educate and stimulate forward thinking that will equip attendees to bring about the desired change as required within the organization. We aim to be leaders in providing business information to both private and public corporations and contribute to the development of the economy by opening network opportunities with professionals and industry.

**Milla SA** dedicates extensive resources to keeping abreast with changes and developments within the South African market place as well as analysis of international market trends. **Milla SA** is paced to provide a wide range of relevant conferences, at the right time, which not only serve to educate delegates but also provide a platform for dialogue between the delegate and a panel of industry experts, which is particularly insightful. Milla SA brings about talented teams of industry leaders to expose you to a wide variety of options.

## Ownership and Uniqueness

**Milla SA** is a 100% black owned entity. Our staff are equipped with over ten years experience in the conference hosting and project management arena.

**Milla SA** aims to meet the individual needs of delegates through extensive interaction and understanding of their expectations prior to commencement of the conference to ensure that topics that are relevant to the delegate are incorporated and thoroughly addressed within the structure of the conference.
